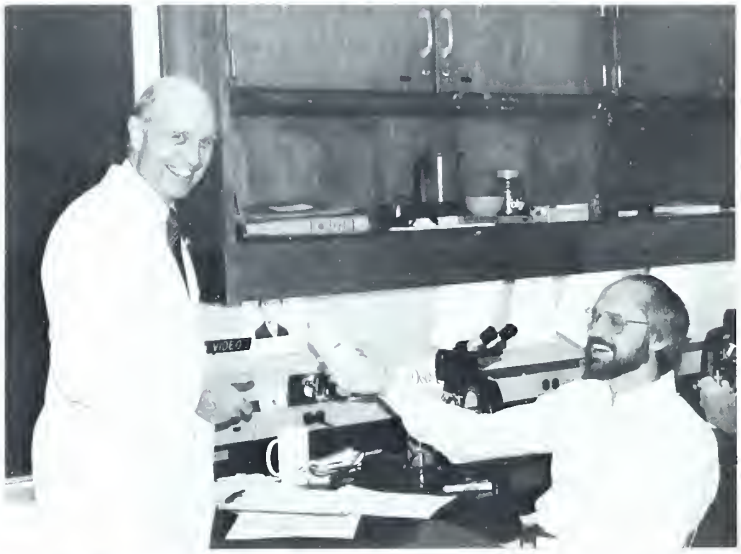
# THE TARHEALER

*Volume Four*

University of North Carolina
School of Medicine

# The Class of 1990 . . . through the years

Poised with microscopes and pounds of syllabi, we started first year in August, 1986 . . .

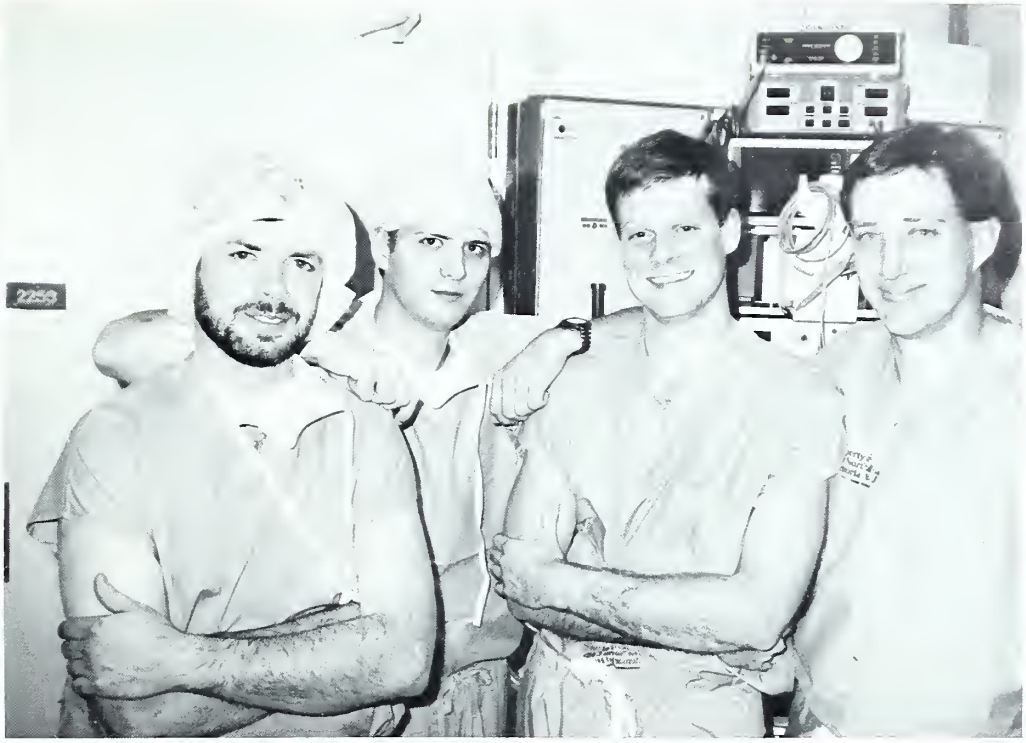


Sunning on the Brick Beach

The Musculoskeletal course was a thrill a minute

Second year ended April, 1988

Wow, they made it into the hospital!



That medicine test was a BEAR!

Those T-waves look inverted to me

:ounds with those smiling pediatricians

. . . and before it seemed possible, Graduation in May 1990.

501

502

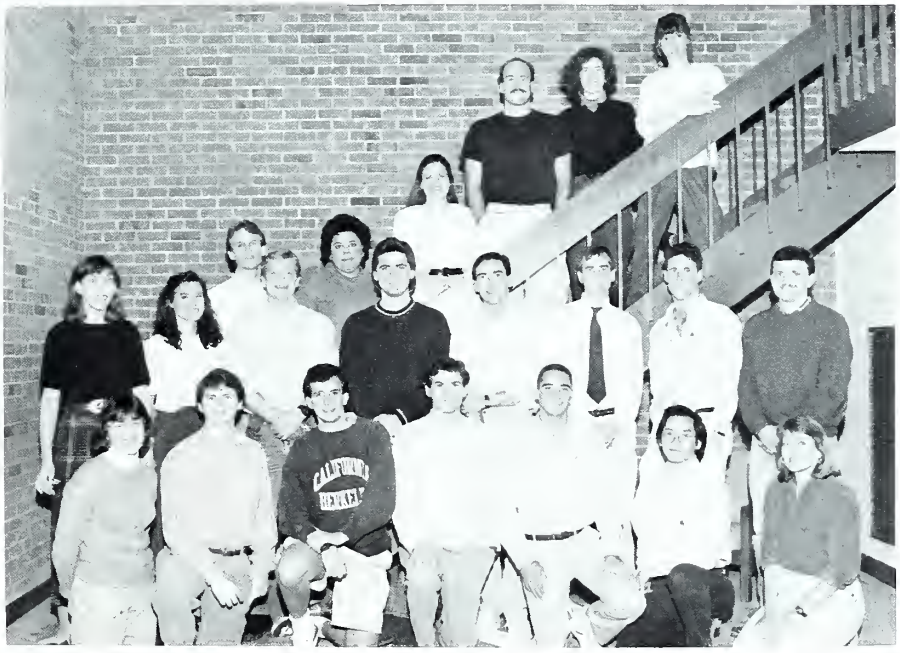
We'll never forget . . .

. . . the fear before that first Cell Biology test
. . . the way our hands smelled after Anatomy Lab
. . . missing notebooks before an Anatomy Exam
. . . Dr. Sulik's mouse face model of fetal alcohol syndrome
. . . anything Dr. Dalldorf ever said
. . . the 100 page Mechanisms of Disease final
. . . Dr. Freid's slide presentation on genital pathology

# Back to the Labs

504

508



511

*Lab photographs by Bill Brinkhous*

AWAY from North Carolina to the four corners of the United States, seniors pursued electives in Maine, Florida, California, Alaska, Hawaii and many of the states in between.

FAR AWAY from Chapel Hill, the Class of 1990 studied and travelled in Europe, South America, Africa, Australia and Asia.

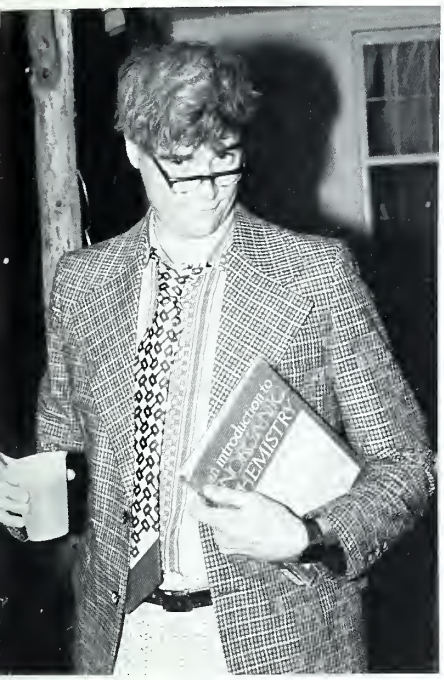
# Old Friends

"Hey, it's a TUMOR!"



# Halloween

## Clinical Highlights

**Best Chief Complaint:** (neurology patient) "I lost my lips this morning"

**Best Answers:**

MS III: "What color is your stool, ma'am?"
Patient "Pink" MS: "PINK?!"
Pt: "Well, the commode's pink but the seat's white"

MS: "Do you have a family history of heart disease?"
Patient: "Yes, my grandfather died of a massive internal fart"

MS III: "When was the last time you had anything to eat or drink?"
OB patient in Emergency Room: "I had a pickle and some Teddy Grahams at seven"

**Best Reply:**

ER patient: "I hit a dog on a motorcycle"
MD: "What was the dog doing on a motorcycle?"

**Best medical joke:** Did you hear about the guy with tertiary syphilis? He had three neurons left held together by spirochetes, then somebody gave him penicillin and blew his mind.

**Say What? Awards:** (from discharge summaries)

"During this admission, an etiology for Mrs. Johnson was again attempted."
"The patient was instructed not to have further seizures."

**Best Understatement:** "A Food Lion chain would be a major dietary restriction for this patient"

**Most Tactful Assessment:** "I believe this child has a somewhat lower than average intellectual endowment problem."

**Best Demonstration:** Dr. Bob Wood threading a suction catheter twelve inches down his own nose to show his pediatric patients that bronchoscopy won't hurt.

**Fourth Year's Lowest Low** (tie): your fifth ER hit (admission) on a Medicine call night **or** your fourteenth residency interview

**Fourth Year's Highest Highs:** Match Day and Graduation

**MS IV Honors Performance:** Murphy Townsend, for having the courage to defer residency and persue an acting career

Slow Bob misses the scenery

The Henderson Street Medical Society sponsor and class presidents

# FINAL EXAM

1) Special Lessons from Way Back irst and second year)
) What is Zollinger-Ellison syndrome?

) What are the vitamin K dependent clotting factors?

) Broad-Based Budding = _____.

) Dr. Caplow's favorite amino acid is _____ ?

) The _____ branch of the trigeminal nerve passes through the foramen rotundum.

Name twelve organs that can be involved in amyloidosis.

Besides amyloidosis, Dr. Dalldorf's favorite disease is _____.

) Draw the Kreb's cycle, the rea cycle and the xygen-hemoglobin ssociation curve.

**(2)** In the Emergency Department of any hospital, a patient's answers to the following questions are almost invariable. Provide these answers.
Q: Who shot (stabbed) you?
a)
Q: Why did he do that?
b)
Q: What were you doing?
c)

**(3)** As a graduate of a Southern medical school you should be able to translate these common expressions into medical terminology:

a) done fell out
b) high blood
c) low blood
d) bad blood
e) sugar
f) Fireballs of the Eucharist
g) runnin' off
h) proud flesh
i) smilin' mighty Jesus
j) the roaches
k) piles
l) very close veins
m) lost my nature
n) havin' clogs

**(4)** Identify these three NCMH attendings, their specialities and their relationship to each other.

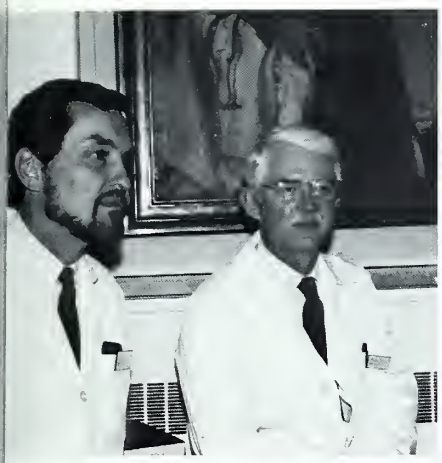
**ANSWERS** (partial credit for answers in parentheses):
**(1)** a) gastrin-producing tumor of the pancreas causing severe gastric ulcers b) II, VII, IX and X c) blastomycosis d) methionine (thiadine, arginine) e) maxillary f) your choice of any organs g) polyarteritis nodosa (any disease caused by Camel non-filters, Jack Daniels or grease) h) look it up!
**(2)** a) 'Some dude' (guy) b) 'I dont know' c) 'Nothing' (going to the store to get the baby some milk)
**(3)** a) tainted b) hypertension c) anemia d) infection e) diabetes f) fibroids of the uterus g) diarrhea h) granulation tissue i) spinal meningitis j) cirrhosis k) hemorrhoids l) varicose veins m) impotent n) passing clots
**(4)** Dr. Amelia Fischer Drake, Pediatric Otolaryngology, daughter of Dr. Newton Fischer, Otolaryngology, and Dr. Janet Fischer, Infectious Disease.

Pick up caps and gowns, order graduation announcements, hurry to Berryhill for lab reunion pictures . . .

then endless announcements as excitement and anticipation build . . .

MARCH 29

and finally, the fateful envelopes are distributed.



Anybody *else* want to do Peds at UNC?"

# MATCH DAY

Quote of the Day: "Just think . . . they're going to give us jobs next year — as doctors!
K. Victory

Eddie wins the money . . .

and the vultures move in.

# Gilligan's Lab (502)

*(Sung to the tune of Gilligan's Island)*

Just step right up and you'll hear the tale
The tale of a micro trip
That started with this tropic bug
Aboard this cover slip.

The tech was a crazy staining man
His Gram stain was pure
Five samples were set out that day
For a three hour tour, a three hour tour.

The students started getting rough
The cover slip was tossed
If not for the work of the lab tech crew
The samples would be lost, the samples would be lost.

The slip set down on the floor of Lab 502
With *Gilligan*, and Cannon too.
The microscopes, and their slides.
The unknowns, the professors and the rest
Here in Gilligan's Lab.

"This requires neurologic integrity, George, not surgical skill"

Graduation speaker Dr. Harold Pillsbury looks over his speech

Outstanding resident, Dr. Mark Murphy

## The Oath of Hippocrates (revised form)

do solemnly swear by whatever I hold most sacred:

That I will be loyal to the profession of medicine and just and enerous to its members.

That I will lead my life and practice my art in uprightness and onor.

That into whatsoever home I shall enter it shall be for the good of he sick and the well to the utmost of my power and that I will hold nyself aloof from wrong and from corruption and the tempting of thers to vice.

That I will exercise my art, solely for the cure of my patients and he prevention of disease and will give no drugs and perform no peration for a criminal purpose and far less suggest such a thing.

That as a physician I recognize that nuclear war would be an nprecedented disaster to the health of the human race and there-ore I will work for the prevention of nuclear war.

That whatsoever I shall see or hear of the lives of men which is ot fitting to be spoken, I will keep inviolably secret.

These things I do promise and in proportion as I am faithful to this ath, may happiness and good repute be ever mine, the opposite if hall be forsworn.

Dr. Marion Phillips presents the graduates who are hooded by Dr. Paul Biggers and Dr. William Blythe

# CONGRATULATIONS to the CLASS OF 1990 from the WILMINGTON AHEC FACULTY AND STAFF

The Editor Thanks . . .

. . . Stephanie Stadler and the Medical Alumni Association for their continuing support.

. . . Sherry Morris for keeping us and the yearbook finances straight.

. . . Martha Edwards who really cares for medical students and always knows what to do to help.

. . . the Student Affairs staff members who willingly provide moral support and never complain about our relentless pestering.

. . . Bill Brinkhous for donating senior lab and graduation pictures.

. . . the Faculty members who have faithfully supported the yearbook through its first four years.

. . . Medical Illustrations for their usually cheerful assistance.

. . . UNC Hospitals Public Affairs for providing pictures and advice.

. . . Carolina Air Care for the terrific helicopter ride to take aerial photographs.

. . . all our parents who supported us in so many ways during medical school.

. . . my father, Leland, who gave me a love of photography and my mother, Mary Lee, who taught me to be organized enough to edit a yearbook.

. . . Karla Hauersperger, MS IV, and Mark Estrada, MS II, who take over the *Tarheeler* editing duties.

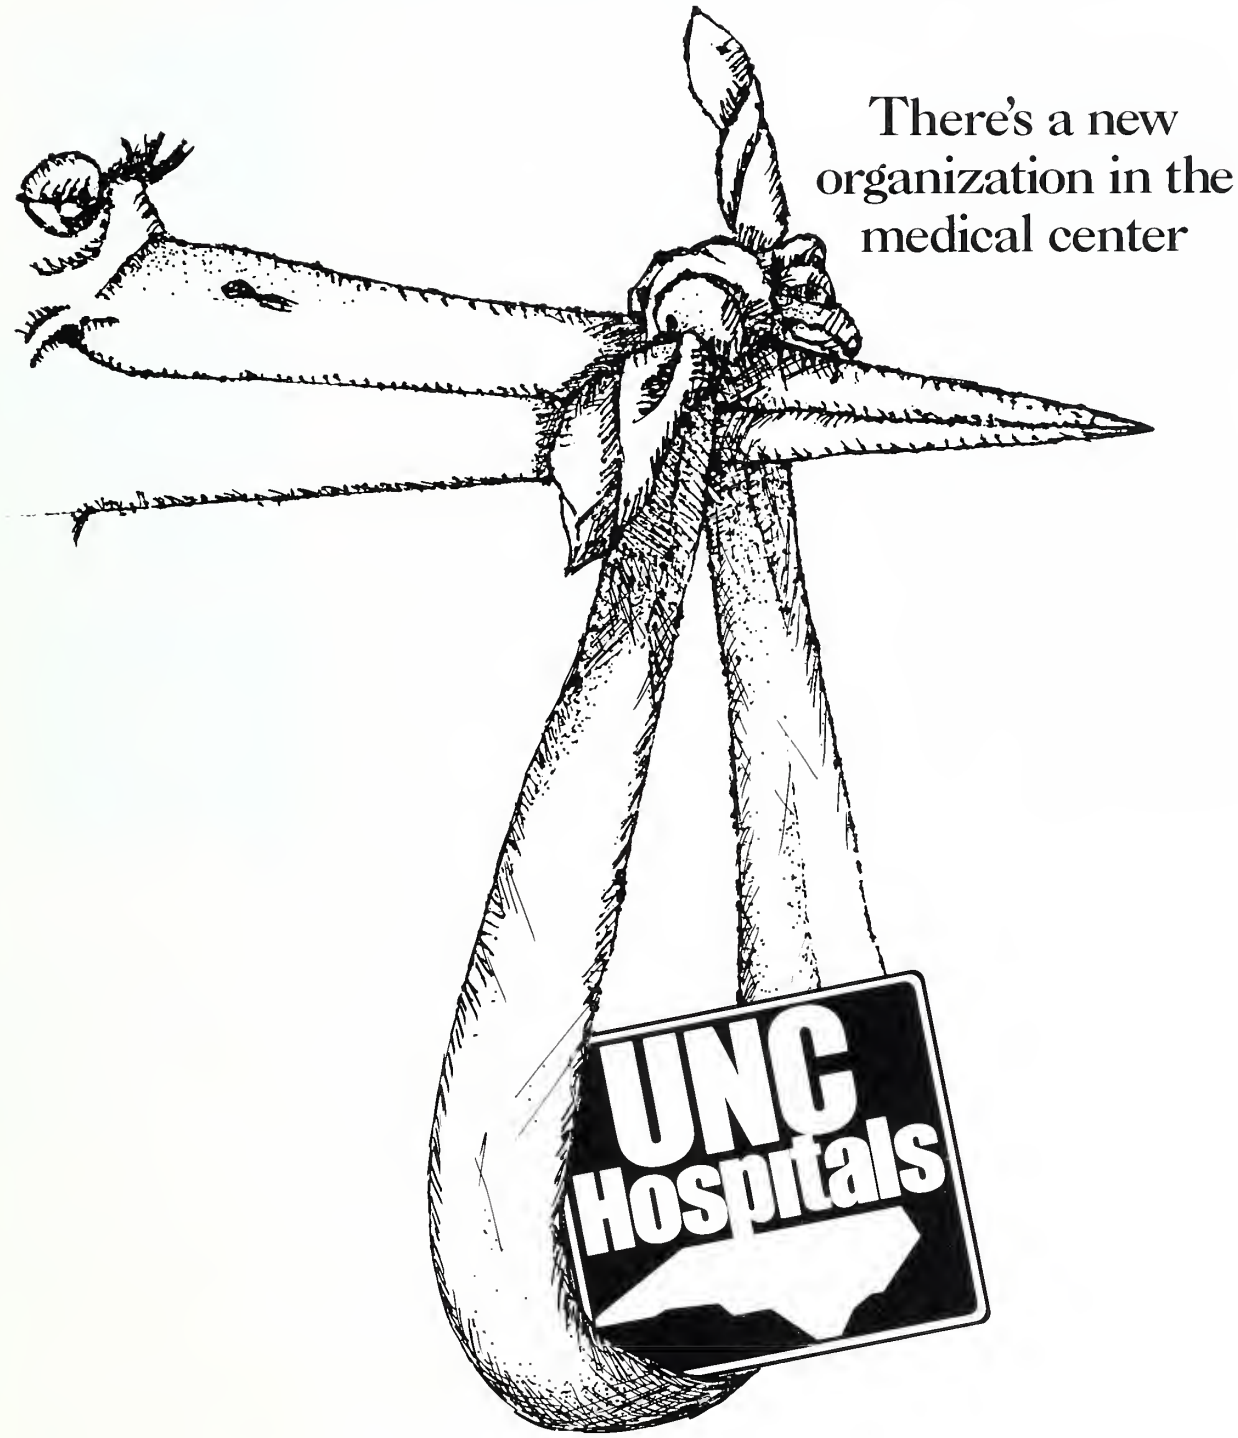
— Cathy Cooper

The endsheets are sponsored by:
The Medical Alumni Association

From the back of the hospital in 1990, the ongoing construction on campus is evident.

The front endsheet is an aerial photograph of the UNC Hospitals complex in May, 1990.

The back endsheet, from the early 1970's, is a picture taken from over the Bell Tower of the front of the hospital which then faced the campus. The Brinkhous-Bullitt Clinical Sciences Building is under construction.



## THE UNIVERSITY OF NORTH CAROLINA HOSPITALS

UNC Hospitals is an umbrella organization, comprising North Carolina Memorial Hospital, North Carolina Children's Hospital, North Carolina Neuropsychiatric Hospital, the North Carolina Clinical Cancer Center, and other designated entities.

We're proud of our partnership with the UNC School of Medicine and our long-standing commitment to your education. We help you grow and develop to your fullest potential...while you give our patients the best of care.
